

UNITECK

Easy change system for maintenance or cleaning

UV and corrosion resistant
PA66
plastic + fiberglass
Stainless steel screws

Improves panel thermal dissipation
(until 30% more production compared to a panel glued on the roof)

Easy to install

Compact

Designed, made in France

Mounting Brackets UNIFIX 1.C

VEHICLE

BRACKET FOR UNIVERSAL PANELS

UNIFIX 1C is the innovative mounting bracket for fixing your panels on a flat surface. It sticks to the roof of your vehicle.

With its Easy Change system, you can easily replace or remove your panel for maintenance or cleaning.

Its compact design enables you to mount several panels, even on a surface filled with other components.

To place it, UNIFIX 1C only requires 2 steps (clean and stick) instead of the usual 3 (clean, prepare and stick).

UNIFIX 1.C30

For solar panel with 30 mm frame
Ref 1894
